🪪 PROFILE

I am working as a Senior Front-End Developer at Palmspire Technologies, where I build websites using **HubSpot CMS**, **WordPress**, and **React JS**. I have experience creating custom themes, templates, and adding useful features to make websites easy to use and good-looking. I know **HTML, CSS, and JavaScript**, and I always try to write clean code and make websites that work well on all devices.

🧠 SKILLS

Technical Skills
- **Software:** Microsoft Office Suite (Word, Excel, PowerPoint).
- **Operating Systems:** Windows, macOS.
- **Online Platforms:** WordPress, HubSpot.
- **Programming Languages:** C++, JavaScript, HTML, CSS, PHP.
- **Frameworks & Libraries:** Bootstrap, React JS.
- **Development Tools:** NetBeans, Visual Studio Code.
- **Design Tools:** Canva, Figma.

💼 PROFESSIONAL EXPERIENCE

Palmspire Technologies
Senior Front-End Developer

08/2023 – present | Bijnor, India

Working mainly with HubSpot CMS, where I build user-friendly and responsive websites. I have experience creating custom themes, modules, and templates to meet different client needs.
- I write clean and well-structured code using HTML, CSS, and JavaScript.
- I make sure websites work smoothly on all devices and browsers.
- I customize HubSpot modules using HubL and create landing pages, blogs, and email templates.

Have also worked on WordPress projects as part of a team, helping develop and improve websites using custom themes and plugins.
- I have experience using page builders like Elementor.
- I've worked on both design updates and feature improvements for WordPress websites.

Gained experience in React JS by working on a few projects, where I focused on building dynamic and interactive user interfaces.
- I worked on components and made pages more interactive and fast.

I focus on writing clean code and building easy-to-use websites that help clients grow their online presence.
Also, I have led a small front-end team on a few projects.
- I helped assign tasks, reviewed code, and guided junior developers.
- I coordinated with designers and backend developers to make sure the project runs smoothly.
- I managed timelines and supported the team in solving technical issues.
- I ensured the final product met client requirements and followed best practices.

Iosys Software
Front End Developer

11/2021 – 07/2023 | Bangalore, India

I worked as a Front-End Developer at IOSYS Software, where I built websites using HubSpot CMS. I created custom themes and templates. I use HTML, CSS, and JavaScript to write clean code that works on all devices.

🎓 EDUCATION

Master of Computer Applications
Panipat Institute of Engineering and Technology
2018 – 2021 | Panipat, India

Bachelor of Computer Applications
Veer Kunwar Institute of Technology
2013 – 2016 | Bijnor, India

🌐 LANGUAGES

Hindi

English

- I made websites that look good and work well on phones, tablets, and computers.
- I used HubL to build and change HubSpot modules for different needs.
- I worked with designers and other developers to make sure the websites worked smoothly.
- I tested websites on different browsers to fix any issues.
- I made websites faster by reducing file sizes and using smart loading methods.

📁 PROJECTS

Royal Dubai School ⎘

We received 6 projects based on this template, so I worked carefully with my team on this one to make sure it could be reused easily for the others. The project was built using **HTML, CSS, and JavaScript** on **HubSpot**, and also added **animations** to enhance the user experience. We completed it in a short timeline by planning and working efficiently.

Variate ⎘

Worked on the **Variate** website using **HTML, CSS, and JavaScript**, ensuring a clean, responsive layout with **pixel-perfect design**.

Lendingpad ⎘

Worked on this project using **HTML, CSS, and JavaScript** on **HubSpot CMS.**

Beach House Shake ⎘

I worked on this project using **HTML, CSS, and JavaScript**, implementing various sliders (e.g., in tabs, background sliders), with a focus on smooth functionality.

0260 AI ⎘

I worked on this project using **HTML, CSS, and JavaScript** on **HubSpot**.

Hedgefield Homes ⎘

Worksmartcoaching ⎘
